Professional Summary

Motivated Junior Computer Science student at Nile University with 2 years of experience in Python development. Strong programming foundation with flexibility in Java, JavaScript, C, and C++. Passionate about software development, problem-solving, and building efficient, scalable applications. Seeking an opportunity to grow as a software engineer and contribute to impactful projects.

Education

Bachelor of Computer Science – Nile University, Cairo, Egypt

Expected Graduation: 2027

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Software Engineering, Database Systems, Operating Systems

Technical Skills

Programming Languages: Python (2 years), Java, JavaScript, C, C++

Concepts & Tools: OOP, Data Structures & Algorithms, Git & GitHub, Problem Solving, Debugging

Experience

Python Developer (Projects / Freelance) | 2024 – Present

- Developed Python applications and automation scripts.

- Built backend logic and data processing solutions.

- Improved code performance using efficient algorithms.

Projects

Student Management System (Python)

- Designed a console-based management system using OOP principles.

Portfolio Website (JavaScript)

- Developed a responsive personal website with interactive UI features.

Mini Banking System (C++)

- Built a banking simulation system with file handling.

Soft Skills

Analytical Thinking, Teamwork, Adaptability, Fast Learner

Languages

Arabic: Native

English: Good
